

2019 Site Visit Assessment Item Changes by Source of Evidence

The changes below take effect for site visits occurring on or after September 1, 2019, for programs whose site visit window opens July 1, 2019 or later. If your site visit window opened before July 1, 2019, do NOT engage with these revisions.

Sources of Evidence are Program Portfolio, Class Portfolio, Program Observation, and Class Observation. Four items in Standard 6 related to staff's formal educational qualifications are assessed prior to the visit by NAEYC staff. The source of evidence is shown here as "Pre-visit".
