2010 Standards for Advanced Early Childhood Professional Preparation

STANDARD 1. PROMOTING CHILD DEVELOPMENT AND LEARNING
Candidates prepared in early childhood degree programs are grounded in a child development knowledge base. They use their understanding of young children’s characteristics and needs, and of multiple interacting influences on children’s development and learning, to create environments that are healthy, respectful, supportive, and challenging for each child.

Key elements of Standard 1
1a: Knowing and understanding young children’s characteristics and needs, from birth through age 8
1b: Knowing and understanding the multiple influences on early development and learning
1c: Using developmental knowledge to create healthy, respectful, supportive, and challenging learning environments for young children

STANDARD 2. BUILDING FAMILY AND COMMUNITY RELATIONSHIPS
Candidates prepared in early childhood degree programs understand that successful early childhood education depends upon partnerships with children’s families and communities. They know about, understand, and value the importance and complex characteristics of children’s families and communities. They use this understanding to create respectful, reciprocal relationships that support and empower families, and to involve all families in their children’s development and learning.

Key elements of Standard 2
2a: Knowing about and understanding diverse family and community characteristics
2b: Supporting and engaging families and communities through respectful, reciprocal relationships
2c: Demonstrating cultural competence and effective collaboration to involve families and communities in their children’s development and learning

STANDARD 3. OBSERVING, DOCUMENTING, AND ASSESSING TO SUPPORT YOUNG CHILDREN AND FAMILIES
Candidates prepared in early childhood degree programs understand that child observation, documentation, and other forms of assessment are central to the practice of all early childhood professionals. They know about and understand the goals, benefits, and uses of assessment. They know about and use systematic observations, documentation, and other effective assessment strategies in a responsible way, in partnership with families and other professionals, to positively influence the development of every child.

Key elements of Standard 3
3a: Understanding the goals, benefits, and uses of assessment – including its use in development of appropriate goals, curriculum, and teaching strategies for young children
3b: Knowing about and using observation, documentation, and other appropriate assessment tools and approaches, including the use of technology in documentation, assessment and data collection
3c: Understanding and practicing responsible assessment to promote positive outcomes for each child, including the use of assistive technology for children with disabilities
3d: Demonstrating ability to collaborate effectively to build assessment partnerships with families and with professional colleagues to build effective learning environments

STANDARD 4. USING DEVELOPMENTALLY EFFECTIVE APPROACHES TO CONNECT WITH CHILDREN AND FAMILIES
Candidates prepared in early childhood degree programs understand that teaching and learning with young children is a complex enterprise, and its details vary depending on children’s ages, characteristics, and the settings within which teaching and learning occur. They understand and use positive relationships and supportive interactions as the foundation for their work with young children and families. Candidates know, understand, and use a wide array of developmentally appropriate approaches, instructional strategies, and tools to connect with children and families and positively influence each child’s development and learning.

Key elements of Standard 4
4a: Understanding positive relationships and supportive interactions as the foundation of their work with young children
4b: Knowing and understanding effective strategies and tools for early education, including appropriate uses of technology
4c: Using a broad repertoire of developmentally appropriate teaching / learning approaches with a high level of cultural competence, understanding and responding to diversity in culture, language and ethnicity
4d: Reflecting on own practice to promote positive outcomes for each child

**STANDARD 5. USING CONTENT KNOWLEDGE TO BUILD MEANINGFUL CURRICULUM**
Candidates prepared in early childhood degree programs use their knowledge of academic disciplines to design, implement, and evaluate experiences that promote positive development and learning for each and every young child. Candidates understand the importance of developmental domains and academic (or content) disciplines in early childhood curriculum. They know the essential concepts, inquiry tools, and structure of content areas, including academic subjects, and can identify resources to deepen their understanding. Candidates use their own knowledge and other resources to design, implement, and evaluate meaningful, challenging curriculum that promotes comprehensive developmental and learning outcomes for every young child.

**Key elements of Standard 5**
5a: Understanding content knowledge and resources in academic disciplines: language and literacy; the arts – music, creative movement, dance, drama, visual arts; mathematics; science, physical activity, physical education, health and safety; and social studies
5b: Knowing and using the central concepts, inquiry tools, and structures of content areas or academic disciplines
5c: Using own knowledge, appropriate early learning standards, and other resources to design, implement, and evaluate developmentally meaningful and challenging curriculum for each child

**STANDARD 6. GROWING AS A PROFESSIONAL**
Candidates prepared in early childhood degree programs identify and conduct themselves as members of the early childhood profession. They know and use ethical guidelines and other professional standards related to early childhood practice. They are continuous, collaborative learners who demonstrate knowledgeable, reflective and critical perspectives on their work, making informed decisions that integrate knowledge from a variety of sources. They are informed advocates for sound educational practices and policies.

**Key elements of Standard 6**
6a: Demonstrating professional identification with and leadership skills in the early childhood field to think strategically, build consensus, create change, effectively collaborate with and mentor others, and have a positive influence on outcomes for children, families and the profession
6b: In-depth understanding and thoughtful application of NAEYC Code of Ethical Conduct and other professional guidelines relevant to their professional role
6c: Using professional resources, inquiry skills and research methods to engage in continuous, collaborative learning and investigation relevant to practice and professional role
6d: Integrating knowledgeable, reflective, and critical perspectives on early education based upon mastery of relevant theory and research
6e: Engaging in informed advocacy for children and the profession, skillfully articulating and advocating for sound professional practices and public policies
6f: Demonstrating a high level of oral, written and technological communication skills with specialization for professional role(s) emphasized in the program

**STANDARD 7. EARLY CHILDHOOD FIELD EXPERIENCES**
Field experiences and clinical practice are planned and sequenced so that candidates develop the knowledge, skills and professional dispositions necessary to promote the development and learning of young children across the entire developmental period of early childhood – in at least two of the three early childhood age groups (birth – age 3, 3 through 5, 5 through 8 years) and in the variety of settings that offer early education (early school grades, child care centers and homes, Head Start programs).

**Key elements of Standard 7**
7a: Opportunities to observe and practice in at least two of the three early childhood age groups (birth – age 3, 3-5, 5-8)
7b: Opportunities to observe and practice in at least two of the three main types of early education settings (early school grades, child care centers and homes, Head Start programs)

Note: The Initial Standards are used in NAEYC Accreditation and Recognition of undergraduate and graduate programs providing initial early childhood studies. Advanced Standards include advanced key elements and are used in NAEYC Recognition of graduate programs preparing accomplished teachers, administrators, policy specialists, professional development specialists, teacher educators, and researchers. For associate degree programs seeking accreditation from the NAEYC Commission on Early Childhood Associate Degree Accreditation, Standard 7 is addressed in Accreditation Criterion 5.
