General Rating Guidelines:

Developmentally appropriate: based on what we know about the development and learning of children within a given age range, while also considering each child's individual abilities and needs, and his or her cultural background.

Children have chances: Chances are conversations, materials, equipment, or activities that allow for children to engage in a particular concept or area of development. Because "chances" is plural, at least 2 examples of chances in some/any combination must be observed to rate Yes.

Conflict: An active disagreement about opposing opinions or needs, accompanied by elevated emotions.

Play: Children's active engagement and enjoyment of an activity and their ability to determine how the activity is carried out.

Rating option No Opp: The assessor had no opportunity to rate this item during the observation. When "No

Opp" does not appear as a rating option, the item should be observable during a one hou	r rating pe	eriod.
Standard 1 – Relationships		
1B: Building Positive Relationships between Teachers and Children.		
1B.1 ITPKS		
Teachers respond to children's negative emotions (hurt, fear, anger) by offering developmentally appropriate comfort, support, and assistance. Rate No Opp if no negative emotions are observed.	□Yes □No	□ No Орр
1B.2 ITPKS		
Teachers take into account children's differing temperaments when relating to each child. Watch for teaching staff's sensitivity to individual children (versus treating all children basically the	□Yes □No	v).
water jor teaching stajj s sensitivity to marviadar emaren (versus treating an emaren sustearly the	. sume way	, , , .
1B.3 P K S		
Teachers take into account children's differing activity levels when relating to	\square Yes	\square Not Age

each child. □No Watch for teaching staff's sensitivity to individual children (versus treating all children basically the same way).

1B.4 ITPKS **REQUIRED**

This is a required item. If the assessor determines that this item is not fully met at the time of the site visit, the program will NOT be granted accreditation or its accreditation will be withdrawn (Random Visit or Verification Visit). Programs may appeal the determination to the Quality Assurance Committee of the Council on NAEYC Accreditation.

□Yes Staff never use physical punishment and do not engage in psychological abuse or coercion. □No

Rate No if any person employed by or volunteering for the program physically punishes, psychologically abuses, or coerces a child. This is a required assessment item. If a child is in immediate danger, assessors must immediately notify the program administrator and contact the NAEYC Accreditation of Early Learning Programs.

Examples of physical punishment: Shaking, hitting, spanking, slapping, jerking, squeezing, kicking, biting, pinching, excessive tickling, and pulling of arms, hair, or ears; requiring a child to remain inactive for a long period of time. Examples of psychological abuse: shaming, name calling, ridiculing, humiliation, sarcasm, cursing at, making threats, or

Examples of coercion: rough handling (shoving, pulling, pushing, grasping any body part); forcing a child to sit down, lie down, or stay down, except when restraint is necessary to protect the child or others from harm; physically forcing a child to perform an action (such as eating or cleaning up).

Class Observation Tool

frightening a child; ostracism, withholding affection.

1B.5 I		
Infant teachers talk, coo, and sing to infants and repeat infants' sounds.	□Yes □No	□Not Age
1B.6 I T		
Teachers are aware of infants', toddlers', and twos' individual levels of arousal and moderate their own voice level and physical interaction accordingly.	□Yes □No	□Not Age
1B.7 I T		
Teachers can distinguish the meaning of infant's, toddlers', and two's various cries and other signs of distress.	□Yes □No	□Not Age □No Opp
Rate No Opp if no cries or other signs of distress are observed.		
1C: Helping Children Make Friends		
1C.1 I		
Teachers facilitate infants' interest in looking at, touching, or vocalizing to other people.	□Yes □No	□Not Age
1C.2 PKS		
Teachers give children a chance to resolve their own conflicts without immediate teacher intervention.	□Yes □No	□Not Age □No Opp
Rate No Opp if no evidence of conflicts is observed.		
1C.3 TPKS		
	□Yes	□Not Age
When children are in conflict, teachers help them identify their feelings.	□No	□No Opp
Rate No Opp if no evidence of conflicts is observed.		
1C.4 TPKS		
When children are in conflict, teachers help them identify and describe the problem.	□Yes □No	□Not Age □No Opp
Rate No Opp if no evidence of conflicts is observed.		
1C.5 TPKS		
When children are in conflict, teachers help them think of alternative solutions.	□Yes □No	□Not Age □No Opp

Rate No Opp if no evidence of conflicts is observed.

1D: Creating a Predictable, Consistent, and Harmonious Classroom

45.4		
1D.1 ITPKS		
Classroom materials show persons with differing abilities engaged in activities that counteract stereotypical limitations.	□Yes □No	
<u>Counteracting stereotypical limitations:</u> the selection and use of materials that represent people in valuersity of experiences, values, abilities, dress, and customs rather than singular representations of selection of people.	-	•
1D.2 ITPKS		
Classroom materials show persons of different ethnic or cultural backgrounds engaged in activities that counteract stereotypical limitations.	□Yes □No	
<u>Counteracting stereotypical limitations:</u> the selection and use of materials that represent people in valuersity of experiences, values, abilities, dress, and customs rather than singular representations of selection of people.		
1D.3 T P K S		
Teachers offer children the chance to choose activities, materials, and areas in which to play.	□Yes □No	□Not Age
1D.4 T P K S		
Teachers anticipate problematic behavior and take steps to prevent it.	□Yes □No	□Not Age
Rate Yes if no problematic behavior is observed. <u>Examples of problematic behavior:</u> Temper tantrums, not following directions, persistent whining, co-children and adults.	onflicts wi	th other
1D.5 TPKS		
Teachers use narration and description of ongoing interactions to identify prosocial behaviors.	□Yes □No	□Not Age
1F: Promoting Self-Regulation		
1F.1 TPKS		
Teachers help children learn emotional regulation skills.	□Yes □No	□Not Age
<u>Examples of emotional regulation skills:</u> Persisting when frustrated, gaining control of physical impuemotions in non-harmful ways, learning about self and others.	lses, expr	essing
1F.2 TPKS		
Teachers guide and support children to use language to communicate needs.	□Yes □No	□Not Age
1F.3 T P K S		
Teachers guide and support children to gain control of physical impulses.	□Yes □No	□Not Age

3E: Responding To Children's Interests and Needs	
3E.1 ITPKS	
Teachers rearrange the classroom, when necessary, to help children explore new concepts or topics. Rate No Opp if it is not necessary for teachers to rearrange the classroom to help children explore a during the observation. Rate No if it becomes necessary for teachers to rearrange the classroom to new concepts or topics during the observation and teachers do not do so. Examples of rearranging the classroom: Staff expand learning centers or move furniture. Learning centers: Areas within a classroom prepared with a selection of materials that promote lead content area, such as art or science. Examples of learning centers: Blocks/construction, writing table, woodworking, library, creative are science and collections.	help children explore
3E.2 ITPKS	
Teachers rearrange the classroom, when necessary, so children can continue doing an activity. Rate No Opp if it is not necessary for teachers to rearrange the classroom so children can continue the observation. Rate No if it becomes necessary for teachers to rearrange the classroom so children activity and teachers do not do so. Examples of rearranging the classroom: Staff expand learning centers or move furniture. Learning centers: Areas within a classroom prepared with a selection of materials that promote lead content area, such as art or science. Examples of learning centers: Blocks/construction, writing table, woodworking, library, creative are science and collections.	en can continue doing an
3E.3 ITPKS	
Teachers depart from planned activities if children show interest in a different topic or activity. Rate No Opp if children do not show interest in a different topic or activity than is planned for the cobservation. Rate No if children do show interest in a different topic or activity and teachers do not planned activities for the day during the observation.	
3E.4 ITPKS	
Teachers adapt their teaching strategies to best fit each child's learning style. Rate Yes if you see that children are engaged in activities and are not frustrated by the activities. Examples of teaching strategies: Small and large group activities, teacher-or child-directed activitie activities, modeling behavior, asking children open-ended questions, and encouraging children to rain activities. Learning style: Each person's preferred way of taking in and remembering new information. Examples visual, auditory, kinesthetic, sequential, reflective.	naintain being engaged
3E.5 ITPKS	
Teachers modify classroom materials, when necessary, to fit each child's learning style. Rate No Opp if it is not necessary for teachers to modify classroom materials to fit each child's learn observation. Rate No if it becomes necessary for teachers to modify classroom materials to fit each and the teachers do not do so. Learning style: Each person's preferred way of taking in and remembering new information. Example visual, auditory, kinesthetic, sequential, reflective.	n child's learning stlye
